

Feboclean RE

Cleaning Paste in a Tin

For intensive cleaning of ink rollers at quick colour changes.

Application

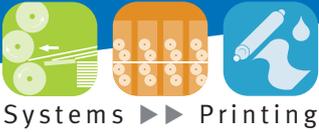

- deep-down cleaning of roller surfaces
- reduces glazing and polishing of the roller surfaces, if used regularly
- economical consumption

Features

After a short prewash with a Böttcher roller wash, apply Feboclean RE with a spatula to the rollers and leave to take effect for several minutes, with the printing machine running at idle speed. Rinse with the same Böttcher roller wash used for pre-washing. In stubborn cases, leave Feboclean RE to take effect for a longer time. It is recommended for roller care to repeat the procedure once a week (combined with *BöttcherPro Calciumfix*).

Note

700 ml tin

Package

Feboclean RE is classified according to EC-Directive 1999/45/EC - in its latest version and does not need to be marked. Feboclean RE is not a dangerous good in the sense of national and international transport regulations.
