## AbbeyScreen Data Sheet

### 190DP/150D EE

## AbbeyScreen

Data sheet: Order grade: 190DP/150D (EE)

## AbbeyScreen

### Technical details

Material Calliper: Double wall (EE): 3000 microns

Weight: 641g (+/- 5%)

Fluting: made from 100% waste based material and is 100% recyclable. Other heavier enhanced flutes are available as optional extra depending upon the performance requirements of the material. *(Note: As Fluting weights increase then so does the rigidity of the flute tips that can have an influence on the print & conversion results depending upon the process used).*

Material surface suited for Digital, Screen and offset litho inks

MOQ: 1000m<sup>2</sup>

Other Flute profiles available in this grade: EE / NE / B / E / F / N

Material is completely 100% recyclable as a unprinted grade
